IRAN

Additional information as of **16** July reports two new storage areas near Shahabad and new paving at Shahabad Airfield.

(1) A large probable explosives storage area 3.5 nautical miles south of Shahabad, with approximately 300 possible storage bunkers arranged in gridiron pattern and served by 16 parallel roads. A probable explosives-handling facility with approximately 10 buildings adjoins the storage area on west center. Northwest of the storage area is a probable barracks area with approximately 12 buildings.

(2) A probable storage area 1.7 nautical miles west-northwest of Shahabad, south of the Shahabad-Aliabab Road, with approximately 20 buildings.

(3) At Shahabad Airfield the runway surface has been improved and a new parking pad has been added at the southeast end of the runway.
